MATERIAL SAFETY DATA SHEET						
1. IDENTIFICATION OF SUBSTANCE, PREPARATION AND COMPANY						
Product name	FEZAN					
Use	Fungicide.					
Formulation	Emulsifiable Concentrate					
Supplier:	Sipcam UK Limited, 4C Archy	Sipcam UK Limited, 4C Archway House, Melbourn Street, Royston SG8 7BX.				
Emergency No 01763 212100.						
2. HAZARDS IDEN	NTIFICATION					
Classification of substance and mixture according to Regulation (EC) Number 1272/2008						
	DAI	NGER				
H318	CAUSES SERIOUS E	-				
H317		ERGIC SKIN REACTION /AGING THE UNBORN CHILD				
H361 H410		JATIC LIFE WITH LONG LASTING EFFE	CTS			
		autionary phrases refer to section 15.				
	I / INFORMATION ON INGREI					
Classification of su	ubstance and mixture according	g to Regulation (EC) Number 1272/2008				
	CAS/EINECS	H Phrases	%			
tebuconazole	107534-96-3 / 403-640-2	H302, H361, H410	24.2%			
Propyl lactate	53651-69-7	H318	43%			
Ethyl lactate	186817-80-1	H315, H317, H319	20%			
Anionic/non- ionic surfacants	26264-06-2 / 104-76-7	H319	10%			
	Ination For the wording of the list	sted hazard phrases refer to section 16.	<u> </u>			
4. FIRST AID MEA						
General informati	ion:					
Instantly remove any clothing soiled by the product.						
If exposed or concerned; Get medical advice/attention						
In case of irregular breathing or respiratory arrest provide artificial respiration. After inhalation:						
Remove victim to fresh air and keep at rest in a position comfortable for breathing.						
In case of unconsciousness bring patient into stable side position for transport.						
After skin contact:						
Wash with plenty of soap and water. IF skin irritation or rash occurs: Get medical advice/attention. After eye contact:						
Rinse continuously with water for several minutes. Remove contact lenses if present and easy to						
do. Continue rinsing.						
After swallowing:						
In case of persistent symptoms consult doctor. Information for doctor:						
No further relevant information available.						
Indication of any immediate medical attention and special treatment needed:						
No further relevant information available						
5. FIRE FIGHTING MEASURES						
Suitable extinguis		nor firms with wotor inter clockel resister	foom			
	g powder or water jet. Fight larg arising from the substance o	ger fires with water jet or alcohol-resistant <b>r mixture</b>				

Formation of toxic gases is possible during heating or in case of fire. Can be released in case of fire: Nitrogen oxides (NOx) / Carbon monoxide (CO) / Hydrogen chloride (HCI)

# Protective equipment:

Do not inhale explosion gases or combustion gases.

Wear self-contained breathing apparatus / Put on breathing apparatus.

# Additional information

Collect contaminated fire fighting water separately. It must not enter drains

# 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures:

Wear protective gloves/clothing and eye/face protection.

# Environmental precautions:

Avoid release to the environment.

Inform respective authorities in case product reaches water or sewage system.

Do not contaminate water with the product or its container (Do not clean application equipment near surface water/Avoid contamination via drains from farmyards and roads).

#### Methods and material for containment and cleaning up:

Collect spillage. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).

Dispose of contaminated material as waste according to item 13.

#### Reference to other sections:

See Section 8 for information on personal protection equipment

#### 7. HANDLING AND STORAGE

#### Precautions for safe handling

Use protective clothing as per section 8.

Open and handle container with care.

# Information about protection against explosions and fires:

The product is not flammable.

Keep breathing equipment ready.

#### Conditions for safe storage, including any incompatibilities

#### Storage

# Requirements to be met by storerooms and containers:

Store only in the original container.

Store in cool location.

# Information about storage in one common storage facility: Store away from foodstuffs. Further information about storage conditions:

# Keep out of reach of children.

Keep container tightly sealed.

Protect from frost.

Protect from heat and direct sunlight.

# 8. EXPOSURE CONTROL / PERSONAL PROTECTION

# Components with limit values that require monitoring at the workplace: none

#### Personal protective equipment

The usual precautionary measures should be adhered to general rules for handling chemicals. Avoid breathing spray.

Do not eat, drink or smoke while working.

Keep away from foodstuffs, beverages and food.

Take off immediately all contaminated clothing

Wash hands thoroughly after handling.

#### Breathing equipment:

In case of brief exposure or low pollution use breathing filter apparatus. In case of intensive or longer exposure use breathing apparatus that is independent of circulating air.

Recommended filter device for short term use: Combination filter A-P1.

Protection of hands: Protective gloves.		Body protection: Protective work clothing.

Hazard-determining components of labor	· · ·		

Precautionary	(P) statements:		
P280	Wear gloves, protective clothing and eye/face protection.		
P264	Wash hands thoroughly after handling.		
P273	Avoid release to the environment.		
P302+352	IF ON SKIN: Wash with plenty of soap and water		
P305+P351	IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if		
+ P338	present and easy to do. Continue rinsing.		
P308+P313	If exposed or concerned. Get medical advice/attention.		
P333+313	If skin irritation or rash occurs: Get medical advice/attention.		
P391	Collect spillage.		
P501	Dispose of contents/container to a licensed waste disposal contractor or collection site except for triple rinsed empty containers which can be disposed of as non-hazardous waste.		
SP1	To not contaminate water with the product or its container (Do not clean application equipment near surface water / Avoid contamination via drains from farmyards and roads).		
16. OTHER INFORMATION			
H Phrases referenced in section 3:			
H302	Harmful if swallowed.		
H315	Causes skin irritation.		
H317	May cause an allergic skin reaction.		
H318	Causes serious eye damage.		
H319	Causes serious eye irritation.		
H361	Suspected of damaging the unborn child.		
H410	Very toxic to aquatic life with long lasting effects
