

Stilo[®] verde

**Plant based amino acids biostimulant enriched with nutrients
to enhance nutrient uptake & plant growth**

Targets & Benefits:

Enhance nutrient uptake & plant growth
Boost of soil microorganism activity
Increased resistance to abiotic stress
Improved yield & quality
Excellent tank mix compatibility

Composition:

L-Free Amino Acids: 10,00 % w/w
Nitrogen (N) total: 6,08 % w/w
Nitrogen (N) organic: 2,71 % w/w
Nitrogen (N) ammoniacal: 3,37 % w/w
Manganese (Mn) H₂O soluble: 0,10 % w/w
Zinc (Zn) H₂O soluble: 0,10 % w/w

Stilo Verde is a plant based amino acids and peptides biostimulant with zinc & manganese obtained from the enzymatic hydrolysis of selected plant sources enriched with nutrients.

Stilo is a registered trademark of Sipcam Inagra
