

A unique Microemulsion (ME) wetting agent containing eucalyptus oil (200 g/L) for improving the effectiveness of fungicides against target diseases.

Enables the more effective management and control of fungal diseases in the cultivation of arable crops, fruit growing, viticulture and vegetable.

### SAFETY INFORMATION – 24 Hour Emergency Number +44 (0)1763 212100

#### DANGER

- **Flammable liquid and vapour.**
  - **Causes severe skin burns and eye damage.**
  - **May cause an allergic skin reaction.**
  - **May cause respiratory irritation.**
  - **Toxic to aquatic life with long lasting effects.**
- 
- Keep away from heat, hot surfaces, sparks, open flames and other ignition sources.
  - Avoid breathing mist/vapours/spray.
  - Use only outdoors or in a well-ventilated area.
  - Wear protective gloves/protective clothing/eye protection/face protection.
  - IF SWALLOWED: Immediately call a POISON CENTRE/doctor.
  - IF ON SKIN: Wash with plenty of soap and water.
  - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
  - Collect spillage.
  - Dispose of contents/container to a licensed waste disposal contractor or collection site.

## IMPORTANT INFORMATION

### FOR PROFESSIONAL USE ONLY

Crops	Maximum individual dose (L product/ha)	Maximum number of treatments	Latest time of application
Arable crops	1	Follow the statutory conditions of use of the plant protection product.	Follow the statutory conditions of use of the plant protection product.
Orchards, vineyards, vegetables (outdoor & greenhouse)	1.5	Follow the statutory conditions of use of the plant protection product.	Follow the statutory conditions of use of the plant protection product.

**READ THE LABEL BEFORE USE. USING THIS PRODUCT IN A MANNER THAT IS INCONSISTENT WITH THE LABEL MAY BE AN OFFENCE. FOLLOW THE CODE OF PRACTICE FOR USING PLANT PROTECTION PRODUCTS.**

## SAFETY PRECAUTIONS

### Operator protection:

WEAR SUITABLE PROTECTIVE CLOTHING (OVERALLS), SUITABLE PROTECTIVE GLOVES AND FACE PROTECTION (FACE SHIELD) WHEN HANDLING THE CONCENTRATE.

AVOID CONTACT WITH SKIN AND EYES.

DO NOT BREATHE SPRAY.

IN CASE OF INSUFFICIENT VENTILATION, WEAR SUITABLE RESPIRATORY EQUIPMENT.

WHEN USING DO NOT EAT DRINK OR SMOKE.

WASH HANDS AND SKIN BEFORE MEALS AND AFTER WORK.

WASH ALL PROTECTIVE CLOTHING THOROUGHLY AFTER USE, ESPECIALLY THE INSIDES OF GLOVES.

TAKE OFF IMMEDIATELY ALL CONTAMINATED CLOTHING.

AFTER CONTACT WITH SKIN, WASH IMMEDIATELY WITH PLENTY OF WATER.

IN CASE OF ACCIDENT OR IF YOU FEEL UNWELL, SEEK MEDICAL ADVICE IMMEDIATELY (SHOW THE LABEL WHERE POSSIBLE).

IF SWALLOWED, DO NOT INDUCE VOMITING; SEEK MEDICAL ADVICE IMMEDIATELY AND SHOW THIS CONTAINER OR LABEL.

### Environmental protection:

Do not allow the agent and/or its container to enter water. (Do not clean application equipment in the immediate vicinity of surface waters. Prevent indirect entries via farm and road drains.)

## Storage and disposal:

DO NOT RE-USE THIS CONTAINER FOR ANY OTHER PURPOSE.

KEEP IN ORIGINAL CONTAINER, TIGHTLY CLOSED IN A SAFE PLACE.

KEEP DRY AND FROST PROOF IN A SUITABLE PESTICIDE STORE.

RINSE CONTAINER THOROUGHLY BY USING AN INTEGRATED PRESSURE RINSING DEVICE OR MANUALLY RINSING THREE TIMES. ADD WASHINGS TO SPRAYER AT TIME OF FILLING AND DISPOSE OF SAFELY.

KEEP AWAY FROM FOOD, DRINK AND ANIMAL FEEDING STUFFS. KEEP OUT OF REACH OF CHILDREN.

## DIRECTIONS FOR USE

**IMPORTANT: This information is approved as part of the Product Label. All instructions within this section must be read carefully in order to obtain safe and successful use of this product.**

Link® is a unique wetting agent characterized by a patented formulation that improves the effectiveness of fungicides against target diseases. It reduces and stabilizes the pH and surface tension of the water and allows for better spray coverage and wetting activity on the target crops.

## MIXING AND SPRAYING

Fill the tank from half to 3/4 of the water, add the fungicide product and stir according to the indication indicated on the label. Add Link® and then the rest of the water while continuing to stir gently.

## COMPATIBILITY

The combination of Link® with several different fungicides proved to be safe for the crop in terms of phytotoxicity. However, due to the variety of cultures, mixtures, and possible combinations, it is not possible to test all available conditions. Therefore, before treating the entire crop, it is recommended to test a small part of the crop for selectivity of the crops.

For details of compatibilities please contact your local Sipcam UK Ltd representative or call the Sipcam UK Ltd Technical Helpline (01763 212100) or visit our website ([www.sipcamuk.co.uk](http://www.sipcamuk.co.uk)).

## RESTRICTIONS OR WARNINGS

Crops should not be re-entered until spray residues are dry.

Depending on the crop, variety, cultivation methods and specific environmental conditions, damage to the crop to be treated cannot be ruled out. Plant compatibility should therefore be assessed under farm-specific conditions.

LINK® is a trademark of Sipcam Oxon S.p.A (No. 18659381).
